Defence Phase view 2, Karachi

Summary

I'm a passionate Frontend and WordPress Developer with a strong interest in web development. I create fully responsive websites using HTML, CSS, JavaScript, React/Next and WordPress. I also have basic knowledge of backend tools like NodeJS, ExpressJS, MongoDB and MySQL. I'm always ready to learn new things and work on exciting projects. I'm looking for Full-Time, remote or hybrid, opportunities to gain hands-on experience.

Work Experience

Freelance Frontend & WordPress Developer

Remote / Project-Based

Jan 2024 - Present

- Built WordPress websites for different clients with modern and responsive designs.
- Worked with HTML, CSS, JavaScript, and React to create user-friendly web pages.
- Helped clients set up themes, plugins, contact forms, and other features.
- Focused on making websites fast, clean, and easy to use.

Projects
